

# Juan Paredes

DATA SCIENTIST · DOCTORAL RESEARCHER

Barcelona, Spain

☎ (+34) 647551746 | ✉ [juan.antonio.paredes@upc.edu](mailto:juan.antonio.paredes@upc.edu) | 🏠 [japareds.github.io](https://japareds.github.io) | 📺 [japareds](#)

## Work Experience

---

### Universitat Politècnica de Catalunya

Barcelona, Spain

DOCTORAL RESEARCHER

Sep. 2021 - Present

- Developed machine learning models to improve the air quality monitoring performed by Generalitat de Catalunya.
- Implemented a machine learning pipeline to enhance data quality and reduce the cost of urban air quality monitoring.
- Collaborating with team members to provide expert consultation for implementing digital twins in monitored environments.

### Pontificia Universidad Catolica de Chile

Santiago, Chile

RESEARCH ASSISTANT

Mar. 2017 - Jul. 2021

- Implemented radiomics based machine learning models to reduce biopsy procedures in collaboration with UC-Christus hospital.
- Conducted mathematical modelling of biological tissue to improve cancer treatments.

## Skills

---

**Programming Languages** Python, SQL, C++, Fortran, MatLab

**Software** Excel, Word, Powerpoint, LaTeX

**Tools** Bash, Git, Docker

**Languages** Spanish, English

## Education

---

### Universitat Politècnica de Catalunya

Barcelona, Spain

PH.D. CANDIDATE IN COMPUTER ARCHITECTURE

Sep. 2021 - Present

- Working on Data-Driven techniques for indirect monitoring of signals and digital twins integration.

### Pontificia Universidad Catolica de Chile

Santiago, Chile

M.Sc. IN MEDICAL PHYSICS

Mar. 2018 - Mar. 2020

- Experience in data analysis and image processing.

### Pontificia Universidad Catolica de Chile

Santiago, Chile

B.Sc. IN ASTRONOMY

Mar. 2011 - Aug. 2016

- Experience in mathematical modelling.
